✓ ep. A Problem of ebooks and papers is actual and every person has their opinion. For example, Jenny, maker of this very cool text, thinks that e-books better. ^{so} let's ^{are up}.

talk about it

I guess that the people, who hate e-book, don't want to welcome a new convenient modern life. In my opinion, e-books are better than simple paper. Because they ~~to~~ e-books need to have a less place than paperbooks and we don't need to go to the expensive bookshops. ~~But~~ Paper books are also practical and good but for our fast changing life we e-books ~~fit~~ better. My grandmother doesn't understand me and says that paperbooks more useful for eyes. But ~~it's not~~ so. Because modern e-books has a special construction to be ~~safe~~ for eyes. However old people don't want to change ~~the~~ mind.

In conclusion, I want to say that paper books are wonderful but I'd prefer e-books from their convenience and safety construction.
